

**June 2023**

Hector Gonzalez's Talbot Lago Grand Prix Racer

Our June meeting had twenty members in attendance. David Hassler was back for the first time in several months and it was great to see him.

Thanks to Michael Kennedy for taking the photos again this month.

John Estes reminded the membership that Michael spends a good part of each meeting doing the photos and that they need to fill out the photography information forms for their models that are photographed.

Last month almost half of the models photographed had no information provided, not even the builders name which makes it very difficult to provide the correct information about the model. For those folks that always provide your info, Thanks.

Zahir Vera's Ford F-100

Welcome to our newest member, Ronald Arth of Oakland CA, a long-time friend of Arthur Berdick. Clif Bailey of Alpine said that he plans to join the membership at the July meeting. A good friend and former member passed away in October. George Long passed away in Denver Colorado. George was Marine Corps Liaison officer at Ft. Bliss while in El Paso. I offered our belated condolences to the family.

John Estes gave a simplified Treasure's report. We are doing well financially.

Our next meeting is on July 2, 7000 Edgmere at 2:00 P.M

Conrad Ottenhoff reminded the editor that I almost got his name spelled correctly in the May issue of the newsletter. Oops sorry, but I have misspelled it several times in past issues, as well.

Members signed up for the Bassett Place Father's Day Out Car Show Event. We had eight tables to fill, and Mike Garcia and Hector Gonzalez handled the event.

We will have a model display at Bassett Place on July 22 for a Galaxy of Learning event. At this time, we had eight tables to fill, but that increase for the day of the event. That event is on a Saturday.

Richard Macias's M-48A2

Richard Macias's P-51C in 1/32<sup>nd</sup> scale

Arthur Berdick's 1/9<sup>th</sup> scale Katternrad

Carlos Delgado's Me109 in 1/48<sup>th</sup> scale
