

July 2017

### Sal Samaniego's M3 Lee in 1/35<sup>th</sup> scale

We had great meeting with lots of discussion about the models shown. Attendance was down a little bit, but 26 members managed to respond to the email sent out last week about our meeting before July 4.

Kevin Malloy visited today. Welcome to him. His interest are 1/48<sup>th</sup> aircraft and 1/350<sup>th</sup> scale ships. He brought a nice helicopter to show and pictures were taken of it.

A special Thanks to Clifford Bossie for taking the pictures for this issue of the GLUE.

We had several folks bring models that had not brought any before. So there will some new names listed under the photos. I am not sure that we got any pictures of the folks at the meeting but I might be able to find some photos from a previous meeting.

The GLUE July 2017

2

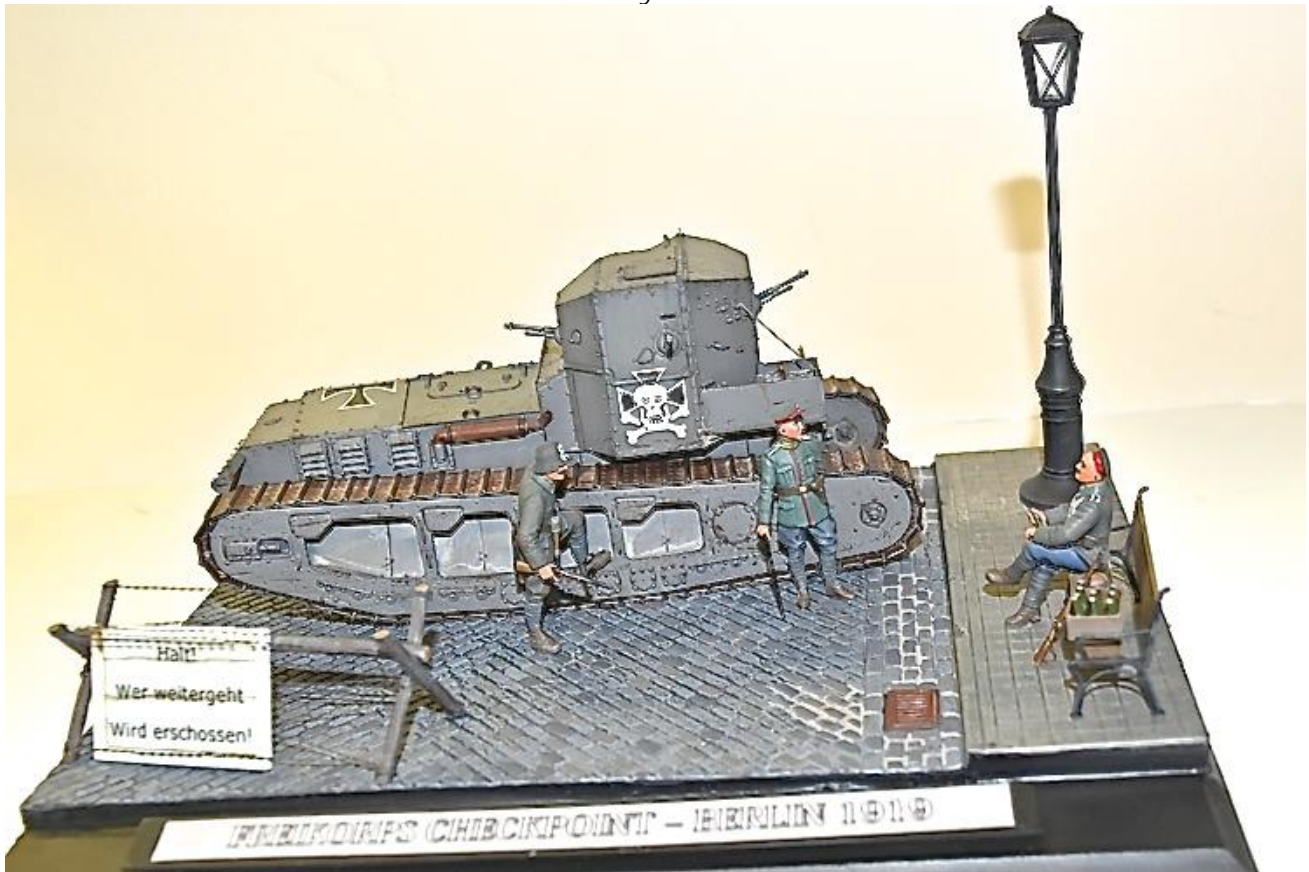

Kevin Malloy's AH-1F in 1/48<sup>th</sup> scale

Julio Sanchez will be unveiling his latest sculpture on Sunday, July 16 at 2:00 P.M. at the Tigua Cultural Center 305 Yaya Ln, El Paso, TX. The sculpture is of Nestora Piarote.

David Torres's Whippet Mark A in 1/35<sup>th</sup> scale

Sergio Morales's 1/25<sup>th</sup> scale Accord

Jim Davis's 1/32<sup>nd</sup> scale F4B-

Joe Martinez, one of our figure painters and a long time friend stopped by to visit with me during the month and with him another long time friend Jorge Dominguez. Both Joe and Jorge are collectors of things military, as well as models. We had an interesting afternoon going over old and the present times.

Richard Macias's F-104S in 1/48<sup>th</sup> scale.  
The GLUE July 2017 5

Arthur Berdick's 1/35<sup>th</sup> scale Tiger I

Carlos Delgado's 1/48<sup>th</sup> Do 335 in 1/48<sup>th</sup> scale.

Carl Webster's Scorpion in 1/35<sup>th</sup> scale.

This month I have the GLUE a wee bit differently. I have presented every modeler that had models photographed in no particular order with little or no text on the page. All pictures are approximately the same size, no matter the scale. Other pictures were taken and will be presented however they appear.

#### On the Tables

Salvador Samaniego brought a Tamiya 1/35<sup>th</sup> scale M3 Lee tank. Sal gave no info on paints or any added detail that he might have made on the model.

Jim Davis brought a Hasegawa 1/32<sup>nd</sup> scale Hasegawa Boeing F4B-4 biplane circa 1933-1934 assigned to the VF-1B "Tophatters" on board the USS Saratoga.

Our visitor during the July meeting, Kevin Malloy brought a Monogram 1/48<sup>th</sup> scale AH-1F. Kevin replaced the pitot and tailskid with brass and replaced the cable cutters with True Details photo etch. He repositioned the Aircraft Data Sensor for a more accurate portrayal of a parked aircraft. Kevin used Werner's Wings resin Tow Racks and M261 pods. The paints that Kevin used were Tamiya and Vallejo acrylics and Alclad II Lacquers. Great write up on his efforts. Much appreciated.

Arthur F. Berdick, a first timer to be photographed and a relative new addition to the membership brought an Academy Tiger Mark I in 1/35<sup>th</sup> scale with crew and commander.

Carlos Delgado, one of our Juarez, Mexico members brought a Tamiya Fw 190D in 1/48<sup>th</sup> scale and a Do 335 Pfiel (Arrow) also by Tamiya in 1/48<sup>th</sup> scale.

Tom Delgado, another newby to the membership and first time photographed brought two models to show. He had an F8F-1B Bearcat and the Monogram Wright Flyer presented as the "Kitty Hawk" first flight by the Wrights.

Richard Macias's Revell's 1/28<sup>th</sup> scale Fokker DR1

David Torres brought a 1/35<sup>th</sup> scale Tokom Whippet Mark A, as the FreiKorps version. David used a Minicraft base and accessories with ICM figures modified with ICM and Heller parts. The diorama represents a Friekorps check point in Berlin, circa 1919.

Sergio Morales brought four Tamiya cars all in /25<sup>th</sup> scale. He had a Supra, a 300ZX Fairlady Z car ,a Honda Accord and a 3000g+ GTO.. Now I have to identify each one. The Accord was no problem.

Richard Macias brought a /48<sup>th</sup> scale F-104S. Richard "detailed the cockpit, the seat belts were made from medical tape and the instruments included. His other offering was the Revell 1/28h scale Fokker DR.1 which was hand painted and had a modified cockpit."

Carl Webster brought several armor pieces to show. Carl had an M88A1 by AFV Club in 1/35<sup>th</sup> scale in Desert Storm markings. He had an AFV Club 1/35<sup>th</sup> scale Scorpion. ASs Works in Progress, an M88 AFV Club /in 1/35th scale in Vietnam markings and a Tamiya Gamma Goat in 1/35<sup>th</sup> scale.

My column

Thanks to all that shared their Condolences on the death of my wife. It was appreciated.

I talked with Doug Tomkins, one of our long time member that has been ill with Parkinson's. We spent quite a while on the phone talking about his health, my wife and the club. Thanks Doug for calling me.

Some of you mentioned wanting shirts. Dig up \$20,00 per shirt and the club will pick up the difference (that means me.) Names are \$2.00 extra. However, we need an order of at least 4 shirts.

I am sure that I counted 26 at the meeting but I cannot remember more than the following names as being there: Jim Davis, Bill Coster, Jack Callaway, Kenyon Souflee, Sergio Morales, ,David Torres, Michael Drapes, Dixi Fischer,

Carl Webster's M88 A1 in 1/35<sup>th</sup> scale.

My Column contd:

Roy Lingle , Kevin Malloy, Sal Samaniego, Carlos Delgado, Carl Webster and his son, Roger Gutierrez, Richard Macias,, Tom Delgado, Clifford Bossie, Arthur Berdick and John Estes.

Tom Delgado's Bearcat in 1/48<sup>th</sup> scale.

Sergio Morales's Supra

Sergio Morales's 300ZX Fairlady Z

Sergio Morales 3000+ GTO

Carlos Delgado's Fw 190D in 1/48<sup>th</sup> Scale

Our next meeting is August 6, same time, same place. Nothing on Bassett yet
