

February 2024

Clif Bailey's Cartoon P-40B

We had a great meeting with 31 folks in attendance. Two visitors were at the meeting. They were Fermin Pico Reyes from Juarez, Mexico and Celso Crosse who lives down the road in Socorro. Welcome to both, however I had no pictures of them to include in the folks at the meeting. Frank Mendoza joined our membership at the meeting. Welcome, Frank.

Many of the membership did not even sit down but stood for at least an hour and half interacting with each other discussing and admiring the models brought to the meeting. There were a great number of excellent models on the tables.

I had hoped to get a picture of the new flag we provided the church, but it was not on the flagpole.
