

## March 2023

Carlos Delgado's HobbyBoss F-5 1/72<sup>nd</sup> scale

The March meeting was attended well, and we counted 32 members, guest, and family. More than one person commented that it was a great meeting.

John Estes gave a short program on how to removed decals and what to expect when various methods applied and how to correct what kind might ruin a project.

Sal Samaniego was in town due to a death in his family, our Condolences, but since his departure scheduled Monday morning, he decided to attend the meeting. He brought a very nice model of a Stug III to show. Good to see Sal again.

Jack Callaway attended his first meeting of the new year. Nice to see him again.

Michael Williamson will be moving to San Antonio and we will lose one of our newer members. The good folks in San Antonio already contacted Michael and welcomed him. Our plan is to keep in touch with Michael. Opportunity knocks rather loudly. Good luck with your move.

Fabian Nevarez's 3-D printed model on the stand. In the foreground are the parts that he made to build his model. Outstanding work by Fabian. He has also made corrected items for several of his own models as well as doing some custom work for others.

This is a Pilatus PC-7 in 1/32<sup>nd</sup> scale. Outstanding work.

This sure beats a coping saw, a wood rasp, and sand paper plus some pine from an apple crate or tomato box. Double edged or single edge razor blades were the choice of many, long before X-acto knives.

Work in Progress

Arthur Berdick's German Cargo truck with 2cm Flak 38 1/35<sup>th</sup> scale by Dragon.

Kai Garcia's 3-D printed Multi-efforts

Hector Gonzalez's 1964 Mercury Marauder in 1/25<sup>th</sup> scale, and represents a NASCAR driven by Parnelli Jones

Thanks to Michael Kennedy for this month's photos.

Justin Segovia's effort.  
No info given

Carlos Delgado's Revell Ju-87 in 1/48<sup>th</sup> scale

Richard Macias's Hasegawa F4U-1D in 1/72<sup>nd</sup> scale

Hector Gonzalez's MPC 1/25th scale Pinto Diet Racer

Carlos Delgado's Tamiya 1:48 scale Zero

Arthur Berdick's 1/24<sup>th</sup> scale ICM 1913 Model T Roadster

Arthur Berdick's 1:24 scale ICM Type AG 1910 London Taxi

Arthur Berdick's 1/24<sup>th</sup> scale ICM Model T 1912

Richard Macias's Italeri 1/72<sup>nd</sup> scale MH-53E. Richard was disappointed with the lack of detail and some issues with the engine intakes.
